## DETAILED ACTION

### ***Claim Rejections - 35 USC § 102***

1. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

2. Claim 29 is rejected under 35 U.S.C. 102(b) as being anticipated by Ferris et al (U.S. 5,380,028).

Ferris et al discloses a bolt-together trailer frame comprising: a plurality of frame members (12, 14, 16, 18, 20) connected together by a plurality of threaded fasteners (42, 43) to form a trailer frame, the plurality of frame members including at least two axle frame members (14, 16) configured to accept a torsion axle (48).

### ***Response to Arguments***

3. Applicant's arguments filed September 10, 2004 have been fully considered but they are not persuasive. The prior art still read on the claimed limitations.

In response to applicant's arguments that Ferris does not disclose "a plurality of frame members connected together by a plurality of threaded fasteners", the examiner respectfully disagrees, in Ferris, the frame members 12, 14, 16, 18 are connected together, and the threaded fasteners 42, 43 are used to attach the mounting bracket 40 to the frame member 14, in other words, the threaded fasteners 42, 43 are *indirectly* used to connect the plurality of frame members 12, 14, 16, 18 together.

***Allowable Subject Matter***

4. Claims 1-28, 30-37, and 44-49 are allowed.

***Conclusion***

5. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the mailing date of this final action.
